

AtlantiCare HealthRite is the first in-store health center in the southeastern New Jersey region. Based in participating ShopRite stores, HealthRite professionals treat minor illnesses for anyone 18 months and older. No appointment is necessary and prices start at \$55 for a basic visit and vary depending upon services. Now, instead of having to make a doctor's appointment or wait around in an emergency room, you can visit HealthRite for your minor illnesses and be seen right away by a certified AtlantiCare nurse practitioner.
