

Lifeclinic was established in 1976 as Vita-Stat Medical Services, Inc.

Since then, it has grown to be the world's largest supplier of commercial, automated, health kiosks. Lifeclinic health kiosks can be found in over 30,000 pharmacies and 5,000 company and organizational wellness centers worldwide, accounting for 400 million blood pressure measurements annually.

Lifeclinic health kiosk and management systems encourage individuals to take an active role in their health care and provide corporate management with the tools to help reduce costs while simultaneously improving the health of individual patients and/or employees.

Lifeclinic's health kiosk interface of text, audio and visuals are available in 16 different languages, and the systems can be found in Argentina, Australia, Brazil, Canada, China, Czech Republic, England, India, Russia, Turkey, the United States and many other countries worldwide.
